PATIENTSPECIFIC CRANIOPLASTY

Accuracy of 16 μm

Faster Operations

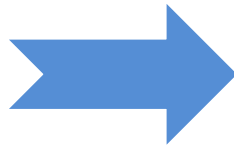

Cost Efficiency

Easy to Use

THE PROCESS

1

ORDER

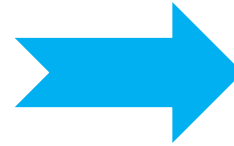

Provide us with CT Scan

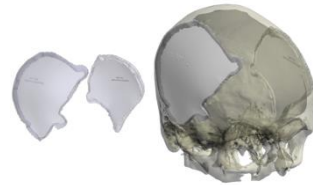

2

PROCESS

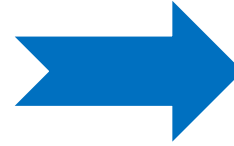

We process the model with our advanced software

3

RECEIVE MODEL

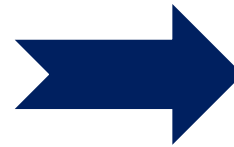

Receive the 3D Printed plates at your location

4

OPERATION USE

Use 3D Plates after sterilization to create fast medical cement plates for the patient skull

How to Use 3D Skull plates in Operation?

Just use the **patient specific 3D Printed Plate** as a mold for creating the Medical Cement Plate that will be used for a **perfect fit** on the patient skull.
